**AFFIDAVIT IN SUPPORT OF  
AN APPLICATION FOR AN ADMINISTRATIVE SEARCH WARRANT**

I, Anthony Todd Williams Jr., being first duly sworn, hereby depose and state as follows:

**INTRODUCTION AND AGENT BACKGROUND**

1. I make this affidavit in support of an application for an administrative search warrant to search the following premises and seize the items listed in Attachment B:
  - a. The business is located at 1039 West Fulton Street, Canton, Mississippi 39046, and its curtilage and outbuildings, appurtenances, and attached and detached garages and vehicles and trailers located on such curtilage, including any and all parking lots and persons inside vehicles; more particularly described in Attachment A.
2. This affidavit is submitted in support of an application, pursuant to Title 8, United States Code, Section 1357, for a warrant to search the premises of PECO FOODS (1039 West Fulton Street, Canton, Mississippi 39046) for undocumented illegal aliens.
3. I am a Special Agent with Homeland Security Investigations ("HSI"), within United States Immigration and Customs Enforcement ("ICE"). I am assigned to the Office of the Resident Agent in Charge, Jackson, Mississippi. I have been trained specifically in the investigation and elements of federal crimes at the Federal Law Enforcement Training Center at Glynco, Georgia. I hold Bachelors of Art and Masters of Science degrees in Criminal Justice

from the University of Southern Mississippi. I am also a graduate of the United States Border Patrol Academy at the Federal Law Enforcement Training Center in Artesia, New Mexico. I have approximately 10 years of experience as a federal law enforcement officer and criminal investigator.

4. My experience as a federal law enforcement officer and criminal investigator includes the investigation and prosecution of violations of criminal laws relating to unlawful entry, employment, and physical presence in the United States of individuals subject to the Immigration and Nationality Act. My current duties include conducting criminal investigations of violations of Federal Statutes and administrative violations of the Immigration and Nationality Act and Title 8 of the United States Code.

5. This affidavit is intended to show only that there is sufficient probable cause for the requested warrant and does not set forth all of my knowledge about this matter. This affidavit is based on my knowledge arising from my participation in this investigation; upon information provided to me by other HSI agents, law enforcement officers and government officials jointly participating in this investigation. Because this affidavit is being submitted for the limited purpose of establishing probable cause for the issuance of a search warrant, it does not contain every fact known to me or other agents of HSI.

6. Based on my training and experience and the facts as set forth in this affidavit, there is probable cause to believe that undocumented illegal aliens are present at PECO FOODS. There is also probable cause to search the premises described in Attachment A for evidence of these crimes and contraband or fruits of these crimes, as described in Attachment B.

### **ALTERNATIVES TO DETENTION**

18. ICE routinely utilizes the Alternatives to Detention (ATD) Program for subjects in ICE custody. The Alternatives to Detention Program is a flight-mitigation tool that uses technology and case management to ensure compliance with release conditions and facilitate alien compliance with court hearings and final orders of removal while allowing aliens to remain in their community contributing to their families, community organizations, and, if necessary, wrapping-up their affairs in the United States as they move through immigration proceedings. The ATD Program is not a substitute for detention nor is it used as a removal tool; however, the program may be appropriate for an alien who is released pursuant to: an Order of Release on Recognizance (OREC), an Order of Supervision (OSUP), a grant of parole; or a bond (unless the immigration judge or board of immigration appeals has determined custody and did not include ATD as a provision). To be eligible for the ATD program participants must be adults 18 years of age or older, be removable, and be at some stage of immigration proceedings. The ATD Program

supervises participants, with contractor support, utilizing a combination of home visits, office visits, alert response, court tracking, and technology. The current government contractor (BI Inc.) for ATD operates under the Intensive Supervision Appearance Program (ISAP). The ISAP III contract allows ATD officers the ability to determine the frequency of home and office visits, types of technology, telephonic, GPS or SmartLink, court and alert management. Case management levels and technology assignment can be reviewed and adjusted by the ATD officer at any time depending upon change in circumstances and compliance.

19. The ATD Program utilizes three (3) different forms of technology that help monitor participants while enrolled in the program. The forms of technology include:

- a. Telephonic reporting utilizes a participant's voice to create a biometric voiceprint during the enrollment process, every time the participant calls in his/her voice is compared against the voiceprint.
- b. GPS monitoring requires at least three (3) satellites to locate a unit attached to the participant's ankle. When a participant is within range of more than three satellites a GPS unit give more accurate data regarding the participant's location.
- c. SmartLink enables ATD officers and case specialists to keep participants focused on the conditions of release via their smartphone or tablet, they are able to verify a participant's identity, determine their location, and quickly collect status change information.

20. Enrollment in the ATD program does not grant any immigration benefits including employment authorization.
